

# LANDSCAPE BUZZ

A BI-MONTHLY UPDATE FROM MYATT  
LANDSCAPING & CONSTRUCTION

MAY/JUN 2022 • VOLUME 3

*Wendell Falls*  
EDITION

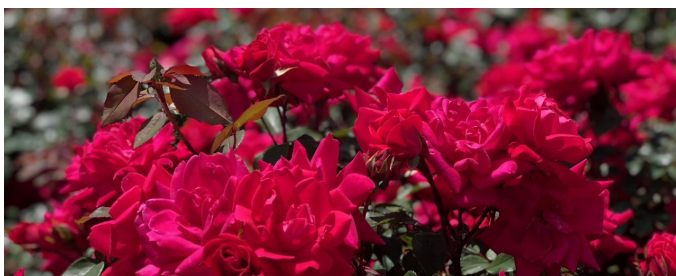

*Knock-Out Roses*

## FEATURED PLANT: KNOCK-OUT ROSE

Knock-out roses are beautiful, tough shrubs that flower through most of the year. They are easier to care for and are more resistant to most pests and diseases than traditional hybrid tea roses.

For best results, plant in a sunny area with well-drained soil, and water until established and during periods of drought. Pollinators love the flowers!

## COMPLETED TASKS

- Pre-emergent application in beds - 1 of 1 (Mar)
- Pre-emergent application on turf - 2 of 3 (Mar)
- Lime application on turf (Mar)
- Slow-release plant fertilizer application in beds (Apr)

## UPCOMING TASKS

- Irrigation start-up and inspection (Apr-May)
- Spring annual flower installation (delayed to week of May 9)
- Warm-season turf fertilizer application - 1 of 3 (May)
- Pruning, supplemental watering, and weed control will be performed as needed

*Please note: the townhomes and villas will have weekly service beginning in June.*
