

# COOLING TRAILER SOLUTIONS

## MOBILE COOLING BUILT FOR JOBSITE SAFETY

When crews are exposed to extreme temperatures, the priority is simple: **CREATE A SAFE WORK ENVIRONMENT.**

HRS cooling trailers help support safer jobsites during high-heat operations by providing crews with a reliable place to cool down and recover. Designed for rapid deployment and demanding field conditions, these mobile solutions help crews stay safer, recover faster, and return to work ready to perform.

### Built Around Real Jobsite Conditions:

- Helps Reduce Heat Stress on Active Jobsites
- Dedicated Crew Cool-Down & Recovery Space
- Rapid Deployment for Temporary Operations
- Backed by 24/7 HRS Support

**RAPID DEPLOYMENT AVAILABLE 24/7**

HRS is available 24/7 for technical support, quotes, and inquiries regarding availability. With our round-the-clock support, we can also offer shipments on weekends, holidays, and after normal business hours.

Technical Support, Troubleshooting,  
24/7 Emergency Dispatch

## WHAT HRS PROVIDES:

Every cooling trailer rental is configured around your crew size, site conditions, and project requirements. Whether supporting planned work or extreme heat operations, HRS delivers dependable cooling solutions built for the field.

## Cooling Trailer Solutions:

Our mobile cooling trailers provide crews with a reliable place to cool down, recover, and safely return to work during demanding conditions. Built for rapid deployment and flexible placement, these units are ideal for industrial, construction, and turnaround environments.

- Flexible placement around active jobsites
- Ideal for temporary operations

## Jobsite Support:

Extreme heat can impact crew safety, recovery, and overall jobsite performance. HRS cooling trailers provide a dedicated recovery space that helps crews stay safer and ready to work during high-temperature operations.

From delivery and setup to ongoing technical assistance, our team provides responsive support when cooling is needed most.

- Dedicated cool-down & recovery space
- Helps reduce heat stress exposure
- Rapid deployment available
- 24/7 support & emergency response

## Not Sure What You Need?

Our team will help determine the right cooling trailer setup based on your crew size, site conditions, and operational requirements.
