ORGANIZATIONS TO PRAY FOR...

Episcopal Relief & Development

The number of climate-influenced disasters has doubled in the past 20 years. Floods, hurricanes and other events can devastate communities. Episcopal Relief & Development's work with local Church and ecumenical partners is designed to help communities prepare for these disasters and recover as quickly as possible. <https://www.episcopalrelief.org/what-we-do/priorities/climate/>

World Relief

Founded in the aftermath of World War II, we are a global Christian humanitarian organization that partners with local churches and communities to develop sustainable, locally-driven solutions to some of our world's most urgent problems. We've been doing this work for 80 years in more than 100 countries. We envision thriving, welcoming communities where families flourish, and people experience restorative relationships with God, their neighbors, themselves, and all of creation. <https://worldrelief.org/>

Green Faith

Because the Earth and all people are sacred and at risk, GreenFaith is building a worldwide, multi-faith climate and environmental movement. Together our members create communities to transform ourselves, our spiritual institutions, and society to protect the planet and create a compassionate, loving and just world. <https://greenfaith.org>

A Rocha

A Rocha is a global family of conservation organizations working together to live out God's calling to care for creation and equip others to do likewise. Our name means 'The Rock' in Portuguese (as our first initiative was a field study centre in Portugal). We are present in more than 20 countries around the world. <https://arocha.org/en/>

Interfaith Power & Light

As people of faith, we are called to care for God's Creation and to love our neighbors. This is a moment for fundamental change. We can help make change by electing leaders who are committed to working to end structures of oppression and environmental injustices, and to taking action to tackle climate change.
