

The 21st Annual Flamethrower, held March 4, 2017, is in the history books!

From Facebook, here are words from Rallymaster Andrew Gawboy —

Hi Everyone,

I have no voice left from yesterday. However I can still type!

I just wanted everyone to know I had a blast being Rally Master for the Flame Thrower. Thank you [Ed Solstad](#) for choosing me to put this rally on. I believe this area has some of the best roads around. I will not lie, I had more fun than I should have running pre-checks.

A thanks is needed for the Check Point Crews because I don't know if anyone knows this but they had no to little experience on running a check point for a TSD Rally. It doesn't show because when I got to each of the check points everything was setup correctly. Beside a hiccup or two, that was easily fixed, everyone was happy with their times. Thank you Marsha and Dave, Loren and Eric, and Angie and Lane for jobs well done!

Thank you [Ben Wedge](#) for running in lead car with me, even though I text messaged you that morning saying that I wasn't feeling good and maybe you should find someone else to run lead car; he let me ride with him anyway. I did loose my voice talking about cars/rally on the whole route :) It was fun co-driving lead car even though I was under the weather.

I also have to thank the BigAss Dodge Truck (Mike Luksik and

Justin Kuklock) that participated. They were placed last on the list. In the event that someone would needed to have been pulled out they volunteered to step out of competing to help the competitors. Thankfully we didn't need their service throughout the night.

Thank you all for participating! We had a good turnout. In the past it has been limited to 15 cars. We had 17 cars show up and 6 were in the Equipped class which I was told that doesn't happen much anymore.

The 21th Annual Lucas Flamethrower Rally - March 4th, 2017 - Official Results

#	Cl	Driver 1st Name	Driver Last Name	Navigator 1st Name	Navigator Last Name	car	1	2	3	4	5	6	7	8	9	Tot	Place O/A	Place Class

Lead Car: Andrew, Ben Check Point Crew: Marsha and Dave, Loren and Eric, Angie and Lane

And a special thanks to all of those that ran for without you there would be no point.

nks!
