RE: NEW LHSC & ST. JOSEPH'S NUCLEAR MEDICINE REQUISITION

Dear Physicians,

In a review by London Health Sciences Centre and St. Joseph's Health Care London of the current process for booking Nuclear Medicine requests at the two hospitals, we have identified the need for a modality-specific Nuclear Medicine requisition (attached).

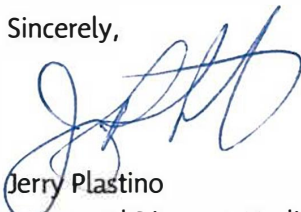

The intention of this new requisition is to standardize our approach by providing a single, clear and concise Nuclear Medicine requisition that will improve the Nuclear Medicine booking process. The Nuclear Medicine request and booking process remains the same, with no change in process.

The new new Nuclear Medicine requisition is effective immediately.

If you have any questions and/or concerns about the new requisition form, please contact:

- Stephen Nelli, Coordinator, Nuclear Medicine, LHSC (519) 685-8500 x 52455
- OR
- Shasta Flagel, Coordinator, St. Joseph's Hospital (519) 646-6100 x 64189

Sincerely,

Jerry Plastino
Integrated Director, Medical Imaging
London Health Sciences Centre & St. Joseph's Health Care London
