Photo Sharing guidelines

1. You can submit up to 5 photographs for the Annual Dinner. This year's theme is "People on the Trail." (CMC events only)

2. Check to make sure that your photo will look good on the "big screen." Transfer it to your computer. Open the picture to view it. Maximize the viewing window. Without scaling or zooming in on the image, the picture should come close to filling the screen top to bottom and/or left to right. For the tech savvy, this generally means that the image dimensions are a minimum of 640 pixels high and/or a minimum of 1240 pixels wide. Still don't follow? Send the pictures anyway, and we will work with you.

3. From your computer, attach your photo files to an email. DO NOT cut and paste your photos into an email as this will change the size and resolution of the photo. Attach them as files. Depending on the size of your photo files and size of restrictions imposed by your email provider, you may need to send more than one email. Include your name in the text of the email.

Send the email to [CarolinaMtnClubPhotos@GMail.com](mailto:CarolinaMtnClubPhotos@GMail.com). The last day to submit photos is October 22, 2017.
