School Success

Children struggle in school for many reasons. What can parents do to help them improve their school success? Some of the answers for improvement in school will be easy to find while others will take time and will need plenty of support from your child's school. The trick for most parents is how to find the right resources and the help they need.

After decades of serving thousands of parents and children across the country in our evidence-based parenting classes, Boys Town has developed a time-efficient and high-impact parenting class to support school success.

This innovative service gives parents helpful hints, effective strategies and clear answers to numerous school concerns. Parents from every background can benefit from the course.

Everyone can learn a tip or two that can help them improve their child's school success. Parent who are struggling with children that have difficult learning can be connected to our other Boys Town supports.

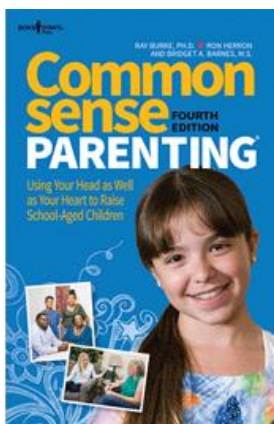

Parenting for School Success Class

The class consists of 6-hours in 6 sessions led by a professional CSP trainer. During the 1-hour session parents are taught how to use the various parenting skills to encourage children and teens' positive behaviors, discourage negative behaviors, and teach alternatives to problem behaviors in school. Each family receives a CSP book and a parent school success workbook! After completing the workshop parents receive a certificate through mail.

MISSION:

Changing the way America cares for children, families and communities by providing and promoting an Integrated Continuum of Care that instills Boys Town values to strengthen body, mind and spirit.

You will receive our award winning parenting book and much more when you attend the parenting class.

Parenting for School Success!

Parents Are Teachers

Parents learn how to set their children up for school success using social skills and effective consequences. Parents watch modeling examples and skill practice how to encourage positive school behavior/homework routine using their personal school examples.

Encourage Positive School Behavior

Parents learn how to develop child-oriented “Kid Reasons” to promote good school behavior. Parents will learn how to use the skill Effective Praise to encourage healthy habits.

Prevent School Problems

Parents learn how to develop healthy habits and routines using Preventive Teaching, charts, contract and daily school review to increase school success.

Correcting School Problems

Parents learn how to develop a stay calm plan for child and parents to increase cooperation. Parents will learn how to use the skill correction at the point of performance to catch problem behavior as soon as they occur.

Teaching Self-Control at School

Parents learn how to deal with out-of-control behavior using the skill Teaching Self-Control and a plan of how to calm and safe at school when emotions are high and control is needed.

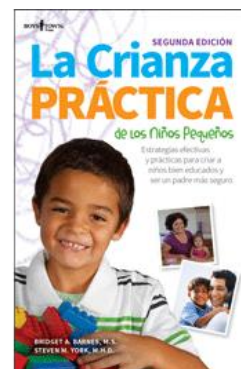

Solving Problems with Peers

Parents learn how to use their skills and strategies to complete their School Success plan using the SODAS Method for peer concerns, technology, failing grades and more!
