- Instead of starting with only 1 Thursday per month as suggested by the CFE AUSD dove right in and started the program off every Thursday
- All food items grown, raised and processed in California as close to our school district as possible
- Bringing scratch cooking back to the school kitchen one Thursday at a time

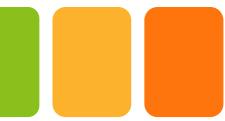

Fresh Fruit & Vegetable Program

90% of all fruits and vegetables are from CA and within 125 miles of our district

Currently for SY 17/18 we are at 12% organic for FFVP

Employees

I would like to say thank you to all 25 employees I have working in our 4 school sites. Without them and their hard work and dedication these programs would not have a chance to grow and succeed
