## Three Steps to Wellness Policy Implementation Success Workshop

*Brought to you by the California Local School Wellness Policy Collaborative*

### **Workshop Overview**

---

Implementation of Local School Wellness Policies (LSWP) is most effective when aligned with district priorities and broader community needs. The Three Steps to Wellness Policy Implementation Success workshop provides participants with key strategies for updating and implementing LSWP, and provides guidance for complying with assessment and administrative review processes. Attendees will learn key responsibilities and approaches to engage stakeholders at the district, school and community levels to achieve successful LSWP implementation. Workshop attendees will also take away tools and resources needed to measure success, and identify opportunities that support a whole child approach.

### **Who should attend?**

---

Stakeholders who support, lead or contribute to local school wellness policy planning, development, implementation, monitoring, and evaluation efforts.

### **Learning Objectives**

---

Upon completion of this training participants will be able to:

- Describe how the Whole School, Whole Community, Whole Child (WSCC) model, and the federal, state and district priorities are aligned to the LSWP
- Identify how to update LSWP to meet USDA LSWP Final Rule requirements
- Identify the steps, recommended tools and key resources to help school sites implement LSWP
- Describe the process for LSWP assessment and evaluation, and how to prepare for the Administrative Review
- Summarize the learning from the workshop and identify next steps
