

# Saturday Spark

## June 2024

June 1... Spark Creativity when you make art with sunscreen! Stop by the Artist Studio to paint any design you like with sunscreen, then bring it out in the sun to see what happens!

June 8... Spark Discovery and do some 3D printing without the printer! We are making simple 3D shapes with glue and sand in the Artist Studio from 2-4pm.

June 15.... Spark Engineering when you design your own back scratcher in the Artist Studio from 2-4pm today. This might even make a great gift for Dad!

June 22.... Spark Learning with us today when we find out what melts in the sun! We're testing out different materials On the Green starting at 12pm.

June 29... Spark Creativity and get messy On the Green for International Mud Day! We're exploring with fun muddy activities from 2-4pm!
