

Saturday Spark

March 2024

March 2... Spark Discovery when we make Oobleck on the Gathering Place deck at 2pm and we'll read Bartholomew and the Oobleck!

March 9... Spark Learning by exploring how craters are formed! Stop by the Gathering Place deck at 2pm to watch as we experiment with our model of the moon's surface and find out more!

March 16.... Spark Imagination with dancing sprinkles in the Artist Studio from 2-4pm. We're using sound to have a tiny, colorful dance party and learn about sound waves!

March 23.... Spark Discovery when you find your blind spot today! Everyone has one, can you find yours? Try our experiment in the Science Room from 2pm-3pm!

March 30.... Spark Creativity when you try our Peep Egg Tower Challenge! We're engineering towers out of plastic eggs. How tall can you build your Peep Tower?
