# CoPilot Partner Community Group

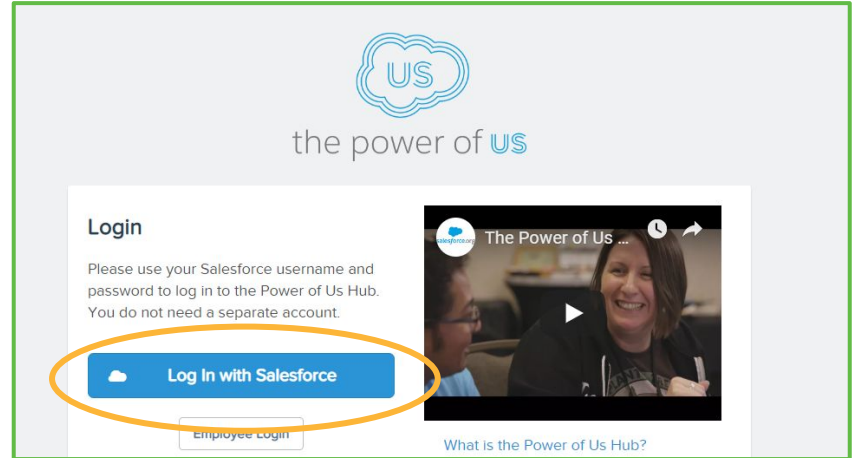

The CoPilot Partner Community group is a forum for all existing CoPilot partners to share best practices, ask each other (or us) questions, and collaborate on programming and technology solutions. We will also use this group to share training resources and CoPilot product and process updates.

The screenshot displays the interface for the CoPilot Partner Community Group. On the left, there is a profile card for the group, featuring a green paper airplane icon and the text "CoPilot". The group is labeled "PUBLIC" and "CoPilot Partners". Below the name are buttons for "Manage Notifications", "Manage Members", and "Edit Group". To the right of the name, there are options for "Owner" and "Weekly Digest". Below the profile card is a form to create a new post, with tabs for "Question", "Post", and "Poll". The "Question" tab is selected, and the input field contains the text "What would you like to know?". A blue "Ask" button is to the right of the input field. Below the form is a "Sort by:" dropdown menu set to "Most Recent Activity" and a search bar with the placeholder text "Search this feed...". On the right side of the interface, there is a "Group Details" section. It includes a "Description" section with the text: "Welcome to our CoPilot Partner Community! CoPilot partners are welcome to use this forum share best practices, request advice or help, or or brainstorm solutions. We will also use this channel to release CoPilot product and process updates." Below the description is an "Information" section with "Helpful Links:" and two links: "Visit CoPilot" and "CoPilot Best Practices". At the bottom of the "Group Details" section, there is a link for support: "Have a support question? Email us at [copilotsupport@collegeforward.org](mailto:copilotsupport@collegeforward.org)". Below this link, the "Member Count" is listed as "13 Members" and the "Owner" is listed as "Geeta Shukla".
