

Media Release Form

York First Church of the Brethren

Parents/Guardians,

As we move to live streaming our worship services, we find it appropriate to inform you that your child/children could be recorded during worship. While we will not post or tag the names of children in our videos, faces may be seen on screen and first names may be used. If you would rather your child not be seen on screen, please keep children with you during the children's story.

Please complete the form below as you feel comfortable. If your desires would change at any time, feel free to contact an Education Team member.
