

Celebration Hymn

Jesus in the Neighborhood

1. Come and see how a dream cast in common will holds the seed we've agreed Jesus will fulfill. Here we innovate, bless and consecrate, and sing our psalm, to calm the nerve of neighbors who become, each time we serve, Jesus in the neighborhood.
2. We are who Jesus is to each person here; living through what we do, Christ alive is near. We are free to be God's community. So, without fear we will equip disciples zip by zip, until we meet Jesus in the neighborhood.
3. There will be challenges. We cannot go far without kings questioning why we track the star. Let our goal unfold, passionate and bold, and in community live out the harmony that binds our common good: Jesus in the neighborhood.
4. With our head, with our hands, with our heart engage, find a need, build a bridge, plant a trusting seed. In this place renewed, grateful for this space, a grace to generations who can offer hope and care each time they share Jesus in the neighborhood.
