January 7th, 2025

Dear Town Manager Trierweiler,

Thank you for the invitation to the January 7, 2025 Select Board Meeting however, after learning more about the nature of the Select Board's invitation and on the advice of legal counsel, the MHA thought it would be most helpful and transparent to provide the Town Manager with a comprehensive set of relevant documents related to the Rosebay development project, which shall include copies of minutes highlighting the requisite authorizations, as well as copies of the Developers RFP. We believe this will likely answer any and all questions about this exciting project.

In the event that the Select Board has further questions, the MHA will be conducting a regular board meeting on January 14, 2024 which Select Board members are invited to attend. This meeting will be held in person as well as via Zoom. I have specifically coordinated for Attorney Kurt James, who unfortunately is not available for tonight's meeting, to be available at the January 14th meeting to answer any further questions about the project that Select Board members may have. Attorney James has years of legal experience and was instrumental in assisting the MHA throughout the stages of this development process. I look forward to speaking with Select Board members to address any further concerns regarding this project.

Thank you.

Respectfully,
Candace Avery
