Medfield's Climate Goal:
Achieve Net Zero by 2050 or Sooner

Learn more at the

Free Webinar on Monday, April 5th at 7:30 pm

hosted by Medfield Environment Action and Medfield Energy Comm

Denise Garlick, member of the Massachusetts House of Representatives, will join in to provide an update on the State's Net Zero Goal and Plan and will be available to answer any questions.

Why does Medfield need to adopt a goal? How will the town and Medfield residents benefit?

- Will align with the state's Net Zero 2050 goal
- Will provide a target for the town and residents to collaboratively work towards
- Will provide incentive to work together to create a Net Zero Action Plan that includes steps and tools to reach our goal

We will be voting on this issue at the Spring Town Meeting
