All:

Jenn and I just completed a call with the Superintendent, OPM and SBC Chair with a summary
as follows:

1) district seeking additional COVID-19 related schedule extension with an email expected in
the next business day indicting the proposed dates for their PSR and PSB

2) district in receipt of a mid cycle NESDEC Enrollment Projection, (see attached) which they are
interpreting as a dip in the forecast of a potential 100+ students to be realized the year the
school opens through the following 4 years.

We indicated reexamining the MSBA projection is an action undertaken in Eligibility Period and
that the MSBA would need sufficient reason/information in hand to review and then determine
that a return to Eligibility Period is warranted.

The district will be in touch as it relates to providing information for our review as the first step.
We confirmed that if we were to more forward with re-considering enrollment, actions may not
be timed with the June Board, thus we might need to consider August.

Let me know if you need anything else ahead of the call at 1.

Thank you,
