Community Choice Aggregation:

A Good Choice for Medfield

Learn more at the virtual community forum hosted by Medfield Environment Action

What is CCA?

A way of buying renewable electrical power in bulk for the town and its residents.

Community Choice Aggregation (CCA)

Comes with a host of benefits, from potential financial savings to reductions in carbon emissions.

Find answers at the upcomng forum

Will I save money with a CCA? Will I be using renewable, clean electrical power? When would it start? Must I participate or can I opt out of the plan? Is it a good choice for Medfield? Is it right for me?

We will be voting on this issue at the fall Town Meeting

Wednesday, July 22, at 7:30 pm
