

YOU ARE INVITED TO THE GRAND OPENING OF

Reaching Into Medfield's Collaborative Art Project

Free!
All ages!

A brave group of Medfield High School students stepped forward to explore the Medfield community from the student perspective and create a place-making, collaborative art project. These students examined the difficult topics that many people in this community struggle with - like, fitting in; being good enough; achieving; finding purpose; mental health; and substance use.

Our collaborative art, shared spaces and collective stories can remind us that while we are all different, one thing we share is struggle. This group has come together to connect with each other and the community-at-large to remind us that the struggle is real - but so is our support for each other. Come see what we've created!

JOIN US FOR SPEAKERS, MUSIC, REFRESHMENTS, AND ACTIVITIES FOR ALL AGES AS WE UNVEIL THIS VERY SPECIAL CREATION AT THE STATE HOSPITAL, IN FRONT OF BUILDING 13.

*PARK NEAR THE MURAL AT THE BACK OF THE PROPERTY AND WALK INTO THE CAMPUS. WE'LL BE ON YOUR LEFT!

Sunday, October 17 @ 2pm
