LEGACY FUND

MEDFIELD FOUNDATION LEGACY FUND NOW ACCEPTING NON-PROFIT GRANT APPLICATIONS

The Medfield Foundation Legacy Fund has announced that applications are now being accepted for its 2026 Community Impact Grants. Up to \$40,000 in grants will be awarded, and any Medfield-based nonprofit or Town department is eligible. Applicants are welcome to submit a grant request online at <https://www.medfieldfoundation.org/> by March 15, 2026.

The Medfield Foundation Legacy Fund Community Board will review all submissions and select the finalists who will be invited to PITCH IT!, a Shark Tank-type event to be held in person on April 16, 2026. At PITCH IT!, applicants will present their proposal, goals, and financial needs and directly engage with the Community Board on their projects. The Community Board will make its final selection of grant recipients for the 2026 funding round in late April, 2026.

This year marks the sixth round of Legacy Fund Community Impact grants. To date, over \$136,000 has been awarded to thirteen organizations, including the Cultural Alliance of Medfield, the Friends of the MHS Theatre Society, the Friends of the Medfield Rail Trail, Medfield Cares About Prevention, Medfield Outreach, The Peak House Heritage Center, Zullo Gallery and Sustainable Medfield.

Grantees have used their awards to further important projects in Medfield and, in some cases, to leverage significant additional resources such as matching grants or federal or state funding. This year's applicants should be prepared to illustrate a strong and compelling current need for funds, and possibly present how those funds may generate additional investments in the Medfield community as well.

Act fast to take advantage of this spectacular opportunity!

ABOUT THE MEDFIELD FOUNDATION LEGACY FUND

The Medfield Foundation Legacy Fund is a professionally-managed endowment created to support community-driven projects. Volunteer-run and designed to complement the initiatives of Medfield organizations, the Medfield Foundation Legacy Fund raises private funds for public good. The Legacy Fund invests for the long term while also helping to address current community needs through annual competitive grantmaking for immediate positive impact.
