WINN FELINE FOUNDATION

2017 Winn Grants

Thanks to you, every cat, every day benefits from Winn-funded research.

For nearly 50 years, donors like you have helped advance feline health research through your generous donations to Winn Feline Foundation.

In 2017, you helped fund 20 research grants that aim to improve feline health and welfare through more effective treatments and improved diagnostics.

- 3 Behavioral/Welfare
- 1 Cancer
- 1 Critical Care
- 3 FIP studies
- 6 GI/Infectious Disease
- 1 Genetics
- 2 Heart Disease
- 1 Kidney Disease
- 2 Stem Cell Therapy

Thanks to you, research grant awards totaling nearly \$443,000 have been funded in 2017.

These promising studies will help cats throughout the world while Winn Feline Foundation continues to be on the leading-edge of feline health research.

Together, we are making a difference in the lives of cats!

Education

Feline health information for cat lovers worldwide

- 104** Cat Health News blog posts
