

Below are topics recently covered at weekly board meetings and the results.

- **Safety of members of Tapestry.** Discussion centered on skateboard, in-line skating, biking, and electric scooters on property.
 - The decision was made to make all of Tapestry a "walk" only zone. This will include the sidewalks on Vernon and Encanto as well as the courtyard, garage and driveways.
- **Bulletin Boards.** Discussion on how boards are used and policies that may be needed.
 - Board approved installation of glass, lockable bulletin boards at each elevator garage lobby and each postbox location. Use will be restricted to announcements and notices. Board approval is needed to place information on the boards. Requests to do so should be sent to Howard or Lisa in the management office. No postings may be placed in the elevators.
- **Information requests.** Proper forms and procedures for requesting information from the board.
 - Motion made, seconded and approved which establishes the form and procedures. If you have a request, please contact Howard or Lisa for next steps until this is available on our new website.
- **Artwork for Building A.** It has been brought to our attention that this is an ongoing, unfinished project.
 - Board voted to fund the artwork that had been approved over three years ago. Artwork to be ordered and installed as soon as possible.
- **IT issues.** Concerns and upgrades.
 - Motion made, seconded and approved to renew IT contract with Eddie Jensen. Specific details available in minutes.

Additional topics the board will address at upcoming working sessions include:

- **Parking.** New parking directions for commercial spaces in the garage.
- **New Committees.** Under the guidelines established, the board will be determining a few select committees and those needed to serve. Possible committees to be formed: Review of CC&R/bylaws, C building redesign and street presence on Central Avenue and commercial signage.
