

Whitchurch Engineering Celebrates 29 Years of Service in the Humboldt Community

Whitchurch Engineering is proud to celebrate 29 years of providing exceptional engineering services to the Humboldt region. Since our founding, we have consistently strived to deliver innovative and reliable solutions to our clients. With offices in both Fortuna and Eureka, we have been able to expand our reach and strengthen our ability to serve businesses, communities, and organizations throughout the area.

From the beginning, our team has been committed to excellence in every project we take on. Over the years, we've grown and adapted, but our dedication to delivering top-notch engineering services has never wavered. We are deeply grateful for the ongoing support of our clients, partners, and the local community, all of which have contributed to our success.

As we celebrate this incredible milestone, we look forward to continuing to serve the region for many years to come. Thank you for being part of our journey!
