CR COLLEGE OF THE REDWOODS

Find your future employees at College of the Redwoods!

Thank You to Our Local Employers

Since 2021, the Career Center at CR has been fortunate to work with our local Chambers and member-businesses. Industry and employer support has led to many positive hiring outcomes across multiple sectors of our local economy.

We know there is still more to be done because students today are navigating a rapidly changing career landscape and looking for real-world experiences that will help them develop the skills, confidence, and connections they need to succeed.

Demystifying "Internships"

What is an "internship"? It can simply mean a short-term, hands-on work experience that allows students to apply what they are learning in a real-world setting. Whether it is mentoring a student on a project, offering a summer job, or hosting a student for a site tour or job shadowing, it's all about removing barriers between education and employment in ways that work for our industry partners.

Why it's worth your time

- Students gain skills that match what employers in this area actually need.
- You get to see how someone works before making a long-term commitment.
- Onboarding goes more smoothly and new hires tend to stay longer.
- Our region keeps more of its graduates instead of losing them elsewhere.

Get in touch

Now is a great time for our soon-to-be graduates to start applying their skills and knowledge in the workplace. The CR Career Center is here to help employers of all sizes engage with students in a way that fits their goals and capacity. **Contact us or fill in this short form to get started!**
