

For release on or after July 1, 2025:

Angela Petrusha, Founding Attorney of Petrusha Law, has nominated **Hospice of Humboldt** to receive this month's **\$1,000 donation** as part of the firm's "**10 Years, \$10,000 Thanks**" campaign. Each month, a different team member chooses a nonprofit that holds personal meaning for them.

Angela shared: "Like many in our community, my own family experienced the care and compassion of Hospice during a loved one's final days. Over the years, I've heard countless similar stories from my clients whose families were guided and comforted by these extraordinary caregivers. Hospice of Humboldt staff are nothing short of angels—offering peace, dignity, and grace when it's needed most. I'm honored to support this wonderful organization."

Since 1979, **Hospice of Humboldt** has been a trusted nonprofit serving individuals and families throughout Humboldt County. Their services include home-based palliative care, hospice care at home or at the Ida Emmerson Hospice House, and grief support for anyone experiencing loss. Hospice of Humboldt focuses on improving quality of life when people need extra care and support. Whether managing a serious illness or coping with the death of a loved one, patients and families receive personalized, compassionate care from a team of nurses, social workers, and trained volunteers. No one is ever turned away because of their ability to pay. For decades, Hospice of Humboldt has been a reliable and deeply valued part of the community, helping people feel supported, heard, and cared for – no matter what.
