"Delivering Peace of Mind"

# Press Release

## *Advanced Security Systems Promotes Ron Kent to Area Manager*

**SANTA ROSA, Calif. —** Advanced Security Systems is pleased to announce the promotion of Ron Kent to Area Manager for the company's Santa Rosa office. Ron brings more than three decades of experience in the security and life safety industry to his new leadership role. Since entering the industry in 1993, he has dedicated his career to helping protect homes, businesses, and communities throughout the North Bay. Prior to joining Advanced Security Systems, Ron successfully built and operated his own security company, establishing a reputation for exceptional customer service, technical expertise, and strong leadership.

Throughout his time with Advanced Security Systems, Ron has served in key leadership positions, helping guide field operations, mentor team members, and ensure customers receive the highest level of service. In his new role as Area Manager, he will oversee the Santa Rosa branch's operations, service delivery, team development, and continued growth throughout the region.

"Ron has consistently demonstrated outstanding leadership, industry knowledge, and a commitment to both our customers and our employees," said Chuck Petrusha, President and CEO of Advanced Security Systems. "His experience, dedication, and ability to build strong relationships make him the ideal person to lead our Santa Rosa operations."

Ron credits much of his success to the collaborative culture within the company and his passion for helping customers find solutions that meet their security needs. His favorite part of the job remains working alongside his team to deliver exceptional service and peace of mind to those they serve. Outside of work, Ron enjoys spending time with his family, playing guitar, and making wine.

As Advanced Security Systems continues to grow throughout Northern California and Southern Oregon, Ron's leadership will play an important role in supporting the company's mission of delivering peace of mind through exceptional security and life safety solutions.

**About Advanced Security Systems**

Advanced Security Systems is a full-service security company providing customized security and life safety solutions for residential and commercial clients. With 55 years of experience, the company combines cutting-edge technology with dependable service to help protect what matters most. The company remains dedicated to maintaining the highest standards of integrity, reliability, and customer care while continuing to invest in new technologies and community partnerships that strengthen the regions it serves.
