*"Delivering Peace of Mind"*

## ***Advanced Security Systems Welcomes Fire Captain AJ Armanini to the Team***

**EUREKA, CA** – Advanced Security Systems, a family-owned and operated professional security and alarm monitoring company, is proud to announce the newest addition to their team: AJ Armanini, former Fire Captain with the Santa Rosa Fire Department.

After dedicating over a decade to public safety in Sonoma County, AJ brings his frontline expertise in fire response and emergency services to the private sector, joining Advanced Security Systems as a key team member focused exclusively on serving Sonoma County.

"AJ's background and leadership make him an incredible asset for our clients," said Chuck Petrusha, President and CEO of Advanced Security Systems. "His experience in fire safety and emergency response aligns perfectly with our mission of delivering peace of mind through cutting-edge security, fire alarm, and medical alert systems."

Armanini is equally excited about this new chapter. "After 10 years with Santa Rosa Fire, I'm ready to take over Sonoma County from a new angle—helping families and businesses stay protected before the emergency happens," said Armanini. "Advanced Security's values and community-driven approach are what made this decision an easy one."

Come meet AJ and the rest of the Advanced Security team to learn more about how they're delivering peace of mind to homes and businesses throughout the region.

About Advanced Security Systems:

Advanced Security Systems is a locally owned, family-operated business specializing in security and fire alarm systems, 24/7 alarm monitoring, and medical alert services. With over 50 years of experience, the company serves clients across Northern California with a steadfast commitment to safety, reliability, and personal service.
