

N95 MASK PROGRAM

We are pleased to offer you masks direct from 3M. Due to the COVID19 pandemic, 3M is prioritizing mask delivery to hospitals, healthcare and first line responders. We know that this may not be convenient but please note that this is the right thing to do.

#8210

Particulate Respirator
Part Number 46457
3M Product Number 8210
3M ID 70070614394
UPC 50051138464573
N95

NIOSH approved for at least 95 percent filtration efficiency against certain non-oil based particles

Two-strap design with welded dual point attachment helps provide a secure seal

Cushioning nose foam

Lightweight construction promotes greater worker acceptance and helps increase wear time

ORDERING INFORMATION

- All quantities are \$1.31 delivered
- Minimum order qty is 1120 masks which is 7 cases (160 per case)
- Maximum order qty currently is open ended
- Orders cannot be shipped outside of the United States
- Orders can ONLY be delivered to the end user **NO EXCEPTIONS!**
- All orders require 100% prepayment with no cancellations
- 3M will prioritize the order based on their own internal rating guidelines with priority given to healthcare and front-line responders
- Only after the order is logged into the 3M system and they categorize the priority need status can they determine the estimate shipping date
- You will then be emailed the internal 3M order number and can check order status by calling 3M direct: 800-328-1667
