

## GRANTS COMMITTEE

The PSCF Grants Committee is responsible for developing a strategic plan and timeline for implementing the annual grant-making campaigns. This includes calling for nominations of charitable organizations from the PS community, inviting organizations to submit grant applications, evaluating grant applications and all the steps to making final grant awards.

Team members of this committee will have experience in grant writing and/or grant evaluation--or experience in the management or implementation of grants in the nonprofit sector. The Chair of this committee reports to the PSCF BOD.
