

# PRINTING YOUR SCORESHEET FROM MEMBER SERVICES

Scoresheets are going electronic which means physical scoresheets will not be sent and will need to be printed from the Pool League app or member services.

The process for both are detailed below

1. Go to [league.poolplayers.com](http://league.poolplayers.com) and login or open the Pool League App and sign in using your Poolplayer login. This is the same login as the Scorekeeper App
2. From the Dashboard (homescreen), locate the box that says 'Upcoming Matches', or on the left menu, click 'Matches'
3. Locate the week you need to print and click the white download arrow in the blue box that says 'scoresheet'
4. The scoresheet will download automatically, or open as a PDF. Follow your browsers instructions to open the downloaded file
5. Once in the PDF, click print and follow the steps for your device

*NOTE: 9-Ball is 2 sided, and both sides must be printed, and submitted when scanning and sending in scoresheets*
