

# DRIVE.

## Developing a Robust Interest in the Volunteer Experience

**At the National Museum of Transportation, volunteers log more than 30,000 hours annually in an effort to preserve the past for future generations. We're looking for members of that 'future generation' to D.R.I.V.E. us forward.**

**O**ur goal is to give participants of DRIVE a resume building skill-set that will enhance and benefit long-term career and life goals. This program is for those civic-minded individuals between the ages of 16-24 looking for volunteer opportunities in restoration, renovation, landscaping, guests services, and education and technology. We recognize DRIVE volunteers at the 15, 25, 50, 75 and 100 hour mark annually. Certificates will be issued in your selected field(s) of interest.

#2, 2933 Barrett Station Road, St. Louis, MO 63122.

This group meets the first Saturday of each month at 9:00 am at the National Museum of Transportation – Earl C. Lindburg Automobile Center – Entrance

After a brief introductory meeting, volunteers will assume opportunities around the Museum grounds.

At the National Museum of Transportation, we know the next generation has the DRIVE to help us succeed in preserving history for the next generations.
