## **Accent Consulting Ranked #15 on Channel Futures 2022 MSP 501—Tech Industry's Most Prestigious List of Managed Service Providers Worldwide**

*Annual MSP 501 Identifies Industry's Best-in-Class Businesses  
Growing Via Recurring Revenue and Innovation*

JUNE 24, 2022: Accent Consulting has been named as one of the world's premier managed service providers in the prestigious 2022 Channel Futures MSP 501 rankings.

Accent Consulting, with locations in Lafayette, Fort Wayne, and Indianapolis, Indiana has been selected as one of the technology industry's top-performing providers of managed services and ranked #15 globally (#1 in Indiana) by the editors of Channel Futures. For the past 16 years, managed service providers (MSPs) from around the globe have submitted applications to be included on this prestigious and definitive listing. The Channel Futures MSP 501 survey examines organizational performance based on growth opportunities, innovation, technology solutions supported, and company and customer demographics.

MSPs that qualify for the list must pass a rigorous review conducted by the research team and editors of Channel Futures. It ranks applicants using a unique methodology that weighs financial performance according to long-term health and viability, commitment to recurring revenue and operational efficiency.

"We're so excited to be featured for the third time as a globally ranked MSP by Channel Futures," said Phil Wright, Founder and CEO of Accent Consulting. "We could not have ranked so highly without the incredible work of our dedicated tech team. We are exceptionally grateful and feel honored to celebrate such a massive achievement."

This year's list once again attracted a record number of applicants, making it one of the most competitive in the survey's history. "The 2022 Channel Futures MSP 501 winners are the highest-performing and most innovative IT providers in the industry today," said Allison Francis, senior news editor for Channel Futures. "The 501 has truly evolved with the MSP market, as showcased by this year's crop of winners. This is also the fifth consecutive year of application pool growth, making this year's list one of the best on record."

### **About Accent Consulting**

Founded in 2002, [Accent Consulting](#) has become a globally ranked leader in IT support for businesses looking to increase efficiency and scale their growth. In the last 20 years, Accent has consulted with thousands of businesses and currently services organizations across 20 states and 7 countries. We specialize in various services, including managed and co-managed IT services, cyber security, compliance, and cloud solutions. Accent is proud to maintain a 99.05% customer satisfaction rating and lead the industry on response and resolution time with average email response rates under 10 minutes and 81% of tickets resolved in under 24 hours.

MSP 501  
2022 WINNER

We are excited to celebrate this recognition from Channel Futures as one of the top 15 managed service providers in the world. In recent years, Accent has continued to rank on the MSP 501 list, coming in at #32 in 2021 and #119 in 2020. We have heavily invested in the continued development of our team and services over the past year and we are incredibly proud of the improvement in our skills, offerings, and accreditation.

Accent was also certified this year as a CMMC (Cybersecurity Maturity Model Certification) RPO (Registered Provider Organization). This means that we are able to provide advice, consulting, and recommendations to clients that require CMMC compliance, which is used for contractors of the Department of Defense. We are proud to add CMMC to our growing list of compliance services including HIPAA (healthcare), SOX (financial services), and PCI (credit card processing).

With this growth of Accent, we have dedicated our efforts to bolstering security practices within our own company, our clients, and Indiana businesses. These efforts include furthering technician certifications as well as providing 1000 Indiana businesses with a complimentary cybersecurity assessment. This assessment includes a detailed analysis and action plan, with no obligation. If you would like some peace of mind on your cybersecurity, you can visit [www.accentconsulting.com/protect-indiana](http://www.accentconsulting.com/protect-indiana) or call 877.426.1337 to set up an appointment.
