## **B. Vendor Documentation**

1. Each Approved Season Vendor must sign a Contract and pay all required Vendor Fees before the Market season begins. Each Approved Daily Vendor must sign a Contract and pay all required Vendor Fees before the first day the Daily Vendor plans to vend.
2. When signing and submitting his or her Contract, each Vendor must submit a certificate or certificates of insurance evidencing adequate insurance to operate such vehicles as are needed to vend at the Market and adequate general liability insurance. GLC may reject or terminate any Contract if GLC, the City, or Purdue determines in its sole and absolute discretion that a Vendor's coverage is inadequate.
3. Vendors must agree to and sign a form of consent for a criminal background check in order to be permitted to vend.
4. Vendors selling products for which sales tax must be collected must provide a Registered Retail Merchant Certificate, which can be obtained from the Indiana Department of Revenue.

Vendors based outside Tippecanoe County must provide their most recent health inspection by their county health department. Vendors who sell potentially hazardous foods that are not permitted by the Tippecanoe County Department of Health will not be permitted to vend.
6. Vendors at the Purdue Market must complete the Purdue University Temporary Food Service Application and submit it to GLC at least 10 days prior to attending the first event. 7. Vendors who are registered with the Women, Infants and Children Nutrition Program (WIC) must observe WIC regulations and must provide proof of WIC registration to GLC.

## **C. Assignment of Vending Spaces**

1. GLC will allocate spaces for Season Vendors in advance of the opening of the Market. GLC will assign spaces for Daily Vendors as available, giving priority to Season Vendors, and may allow Daily Vendors to use any spaces not occupied within one half hour of Market's opening. If, for reasons beyond the control of GLC, the City, and/or Purdue one or more assigned spaces become unavailable, GLC will make reasonable efforts to reassign the Vendor(s) to another market space. GLC will place Daily Vendors on a call list to be contacted if space becomes available when a Season Vendor is unable to attend.
2. In assigning spaces, GLC will use a point system that rewards Vendors with the longest and most consistent participation in the Market, based on the number of seasons of participation and the number of days of attendance. GLC will assign Season Vendors spaces prior to the Market season based on the following criteria in the order specified: (1) the total number of points for the Season Vendor as of the end of the prior season; (2) the date on which GLC receives the Season Vendor's Contract and participation fee; and (3) the number of spaces for which the Season Vendor has requested.
3. With GLC's approval, Daily Vendors at the Lafayette Market may use the south Shook Agency parking area as available. GLC may use this lot for special events and promotions in its discretion. GLC may consider attendance by Daily Vendors at these Markets as a factor in evaluating if a Daily Vendor may become a Season Vendor for the next season.
4. Vendors at the Purdue Market will be assigned spaces. Criteria such as cooking method, generator use and vehicle needs will be assessed in assigning vendors to their spaces. Vendors must always staff their space during the market operating hours.
5. Vendor spaces will be limited to two (2) booths per vendor. Additional requests can be made but will not be granted until all vendor requests have been met.

#### **D. Vendor Parking**

1. On Saturdays, Vendors at the Lafayette Market must park and secure their vehicles as directed by GLC. Vendor spaces will be clearly designated by Lafayette Street Department. Vehicles must face the sidewalk with their rear ends toward 5th street and front tires toward the sidewalk with the rear wheels securely blocked. Vendors in the Shook Agency lot must park off site as space is limited. No Market vehicles are permitted in the Shook Agency parking lot during market hours. This will result in immediate removal from the market.
2. Vendors at the Purdue Market must park vehicles in the assigned vendor parking space as directed by GLC. Either a vehicle or a trailer may be parked in the vendor parking space, but it must fit entirely within the vendor parking space assigned by GLC. If vendors park a trailer in their space, tow vehicles may be parked in the Grant Street Parking Garage. Vehicle drivers must comply with the direction of GLC, Purdue University Police Department, and Purdue Student Security Patrol.

#### **E. Equipment and Supplies**

1. Vendors at the Lafayette Market may supply a stand, counter or tables not to exceed the width of his or her stall space(s) and these, including products, tents, and displays, are allowed only up to the spaces designated on the brick pavers by the City of Lafayette Street Department (white rumble strips for the four corners of your space). The back or tailgate of a truck or wagon may be used in addition or in place of the above. This will be enforced and failure to comply may result in the Vendor being barred from participating in the Market. The sidewalk must be kept clear for pedestrian use. Space must be available from the street to reach the sidewalk in each stall space so as not to encroach into an adjoining stall space. Vendors must stay in their assigned spaces, not exceeding the left or right of their space, or encroaching on the right of way in the street. Umbrellas or other weather protective devices may be supplied by the Vendor, who is solely responsible for damages or personal injuries resulting from the use thereof. Produce and products are to be marketed toward the center of 5th Street only. Produce and products marketed from stalls are to be marketed, shown, or placed next to or on its presenting vehicle, counter, table(s), or the street, as directed by GLC. On Saturdays, Vendors at the Lafayette Market will be selling from the street as prescribed by GLC. **All tents and/or canopies must be adequately anchored with ballast and are subject to inspection by GLC.**
2. Vendors at the Purdue Market may supply a stand, counter or tables not to exceed the assigned stall space(s) and these, including products, tents, and displays, are allowed only up to the stall space area as prescribed by GLC. The back or tailgate of a truck or wagon may NOT be used in addition or in place of the above. This will be enforced and failure to comply may result in the Vendor being barred from participating in the Market. The designated sidewalk area must be kept clear for pedestrian use. Umbrellas or other weather protective devices may be supplied by the Vendor, who is solely responsible for damages or personal injuries resulting from the use thereof. Produce and products are to be marketed from inside the vendor stall space on Memorial Mall only. Produce and products marketed from stalls are to be marketed, shown, or placed on counter(s), table(s), or as directed by GLC. **All tents and/or canopies must be adequately anchored with a minimum of 5 pounds per pole and are subject to inspection by Purdue University Safety and Security Department. Stakes may NOT be hammered into the ground due to sprinkler system. Vendors will be inspected for appropriate anchors and will not be permitted to set up canopies and/or tents without such weights, regardless of weather.**

1. Vendors must comply with all laws and regulations that apply to them. Vendors must also agree to and sign the vendor conduct agreement prior to being allowed to vend.
2. Vendors must comply with the Product Rules.
3. Vendors may not sell any products or goods at either the Lafayette Market or the Purdue Market that include or embody any Purdue trademark, service mark, trade name or other Purdue intellectual property unless properly licensed.
4. Season Vendors who are scheduled to vend at the Lafayette Market on Saturdays must let GLC know if they will not be attending on a particular Saturday by no later than the preceding Thursday at 5 pm.

5. Season Vendors who are scheduled to vend at the Purdue Farmers Market on Thursdays must let GLC know if they will not be attending on a particular Thursday by no later than the preceding Tuesday at 5 pm.
6. Vendors must set up their own displays on each day they offer goods for sale at the Market. Vendors must be present while their goods are offered for sale. Vendors may not share their assigned space with others without the consent of GLC, but they may assign persons to assist them. Vendors retain full and exclusive responsibility for their Market space(s), for their sales, and for the actions of their assistants.
7. Vendors must clearly label each product to show which Approved Category the product falls. Vendors must clearly label all products (other than concessions) that were not produced by the Vendor, specifying the product's place of origin. The price of all items must be clearly indicated. GLC may require Vendors who fail to provide adequate labeling to correct the failure.
8. Vendors who are cooking on-site must keep a fire extinguisher that is always visible and accessible. Grills used for cooking at the Purdue Market are subject to inspection by the Purdue University Safety and Security Department and are to be located as directed by GLC.
9. Vendors who are preparing food on-site at the Lafayette Farmers Market/Purdue Market must provide a hand washing station.
10. Vendors selling any article by weight or measure at the Market must contact Tippecanoe County Weights and Measures (765/423-9794) to arrange for their scales to be inspected. All scales must be certified and approved for commercial sales prior to vending at the Market.
11. Vendors must dress appropriately, including shoes and shirts.
12. Vendors must maintain their space(s) in a clean, safe, and sanitary manner, including protecting the pavement from oil or fuel drips from any part of the Vendor's vehicle. Vendors must haul away all trash or garbage that is generated in or around their booths and must sweep up and remove all debris on the ground. Vendors may not dispose of produce waste, overripe or leftover produce or boxes in any on-site or off-site garbage cans or dumpsters surrounding the Market site. Vendors using cups, etc. for sampling purposes must supply a small trash can or attach a small garbage bag to their booth for their customers. Vendors should bring their own brooms and dust pans.
13. Vendors must always keep all food items at least 6 inches off the ground.
14. Vendors may not smoke in the Market area.
15. Vendors may not bring animals to the Market area, unless required due to disability.
16. Vendors must always keep a watchful eye on their children and may not allow their children to wander the Market area without a parent or guardian.

17. Vendors must permit periodic on-site inspections with at least 24 hours advance notice of their farm or business locations by GLC to verify compliance with these Terms and Policies.
18. Vendors must permit inspections by the Tippecanoe County Department of Health. Vendors at the Purdue Market must permit inspections by Purdue University Radiological and Environmental Management.
19. Vendors will cooperate with GLC and/or its designees in conducting promotions and events to attract additional customers and to add to the atmosphere of the Market.

#### **4. PRODUCT RULES**

##### **A. Product Source**

1. At least 70 percent of all products that a Vendor sells, excluding concessions, must have been produced by that Vendor, with this percentage based on the prices charged by the Vendor. For example, assume that a Vendor offers to sell (i) 125 dozen ears of sweet corn produced by the Vendor for a price of \$3 per dozen ears, for a total of \$375, (ii) potted plants and herbs produced by the Vendor whose total price is \$100, and (iii) craft items produced by the Vendor whose total price is \$150. Under these assumptions, the Vendor may also sell sweet corn or other products not produced by the Vendor that fall within any of the approved categories, so long as the total price of the additional sweet corn and/or other products would not exceed \$267.86, calculated as follows:

$$[(\$375) + (\$100) + (\$150)] \div (.7) = [(\$625)] \div (.7) = \$892.86 (\$892.86) - (\$625) = \$267.86$$

2. However, the other 30 percent of product or products that a Vendor may sell but that the Vendor did not produce (excluding concessions) must have been purchased by the Vendor directly from the producer of the product.
3. Vendors may not sell any products that they purchased from wholesalers, distributors, retailers, or in an auction, provided that concessions need not be purchased directly from their producers. Before each market season begins, Vendors must provide to GLC the name, address and telephone number of each farmer or other producer whose products the Vendors intend to sell in accordance with the foregoing. Exceptions may be made in the event of acts of God.
4. All products for sale are subject to the approval of GLC, the City, and Purdue in their sole and absolute discretion.

##### **B. Product Quality** All edible goods must be safe for human consumption. The Vendor is solely responsible for any damages resulting from the sale of unsound or unsafe goods. If GLC determines that a Vendor is offering any low quality or unsafe product, GLC may require the Vendor (i) to remove the low quality or unsafe merchandise from the Market immediately and/or (ii) to vacate the Market.

##### **C. Approved Categories** Vendors may only sell products that fall within one of the following Approved Categories:

1. Home Grown/Processed Farm Fresh by the Vendor: fresh and unpackaged home-grown vegetables, fruit, nuts, and cut flowers; potted plants and herbs (annuals and perennials); dried flowers; and fresh, home grown food products that are minimally processed and packaged in new containers by the Vendor such as honey, other syrups, dried spices and herbs, flour, cornmeal, unpopped popcorn, seeds, canned produce, cider and other pressed juices, dairy products, and vinegars. Vendors selling canned produce at the Purdue Market must have successfully completed The Better Process Control School course and must provide a certificate of completion to GLC. The sale of cider and other pressed juices and dairy products at the Purdue Market must be individually approved on a case-by-case basis by Purdue University Radiological and Environmental Management.
2. Organically Home Grown/Processed Farm Fresh by the Vendor: any of the produce or products described in (A) that have been organically grown, or made from produce organically grown, on a Vendor's own farm. Only products which have been organically grown by a Vendor who is an organic farmer may be sold in this category. To sell in this category, a Vendor must be listed as an "organic farmer" with the appropriate state department in Indiana or the state of his/her residence.
3. Other Indiana Farm Produce or Products: any of the produce or products described in (A) that the Vendor purchased directly from other farms or producers within Indiana, or any such products such as bakery goods produced by an Indiana commercial bakery.
4. Farm Produce or Products from Outside Indiana: any of the produce or products described in (A) for sale or obtained for resale from outside of Indiana.
5. Concessions: food and/or beverages for sale and immediate consumption at the Market. All non-dairy cold beverages sold at the Purdue Market must be Coca-Cola® products unless Vendor obtains prior written approval from Purdue to sell non-Coca-Cola® products. No alcoholic beverage may be sold or offered as a free sample at the Purdue Market. Food and/or beverages sold as concessions must be prepared by the vendors; no pre-packaged food and/or beverages sold as concessions may be purchased from wholesalers, distributors, or retailers (with the exception of Coca-Cola® products and university operations at the Purdue Market).
6. Arts/Crafts/Misc: handmade or handcrafted products which have been approved by GLC may be sold in the Market if space is available. Vendors who have a storefront business will also be permitted to vend if approved by GLC. All products that are not produced by the Vendor must be products of the USA.

## **5. VIOLATIONS**

- A. **Excess Sales of Products Not Produced by a Vendor.** If GLC determines that a Vendor has sold or is attempting to sell products purchased directly from a third-party producer that total more than 30 percent of the total products the Vendor has sold or is attempting to sell, GLC shall notify the Vendor of noncompliance immediately. If a Vendor fails to correct such noncompliance immediately upon receiving such notice, GLC shall revoke the Vendor's vending privileges immediately.
- B. **Sales of Products Neither Produced by a Vendor Nor Directly Purchased From the Producer.** If GLC determines that a Vendor has sold or is attempting to sell any products that the Vendor did not either produce or buy directly from another producer, GLC shall revoke the Vendor's vending privileges immediately.

- C. **Unsafe or Illegal Conduct.** GLC may immediately terminate a Vendor's vending privileges immediately if the Vendor is selling unsafe or dangerous products, if the Vendor is violating any applicable law, rule or regulation, or if the Vendor is otherwise engaged in any unsafe or illegal activity.
- D. **Sale of Products not produced in a Certified Commercial Kitchen.** The Market does not allow Home Based Vendors to vend at the market or observe a "cottage law". All processed food must be prepared in a certified commercial kitchen as designated by the county health department. If GLC determines that a vendor has sold or is attempting to sell any products that were not created in a certified commercial kitchen, GLC shall revoke the Vendor's vending privileges immediately.
- E. **Sale of Unpasteurized Milk Products.** The Market does not allow the sale of "raw" or unpasteurized milk either for human or animal consumption. If GLC determines that a vendor has sold or is attempting to sell milk that is "raw" or unpasteurized, GLC shall revoke the Vendor's vending privileges immediately.
- F. **Procedures for Determining Compliance or Violations.**
  - 1. GLC may use its own observations, information provided by third persons, and information gathered in inspections to determine if a Vendor has complied with these Terms and Policies.
  - 2. GLC will notify a Vendor if one or more of the Vendor's products offered for sale at the Market appears to violate a Product Rule or is being investigated to determine if it violates a Product Rule or otherwise does not comply with these Terms and Policies. GLC may arrange for an inspection of the Vendor's production location and methods, with such inspection to be conducted by GLC or its designee. GLC will immediately terminate the vending privileges of any Vendor refusing to allow such an inspection.
  - 3. GLC will always retain the authority to request a Vendor to correct any failure to comply with these Terms and Policies immediately, and to suspend the vending privileges of any Vendor who fails to make the required protection.
  - 4. A Vendor whose vending privileges have been terminated will not be eligible to re-apply to become a Vendor until at least 12 months have expired following the date on which the Vendor's vending privileges were terminated.
  - 5. Notwithstanding any other provision in these Terms and Conditions, GLC may terminate a Vendor's vending privileges and the Vendor's Contract at any time if GLC, the City, or Purdue determines in its or their reasonable judgment that a Vendor has failed to comply with any provision in these Terms and Policies. No Vending Fees will be refunded.
