

Rainbows Program

Dear Parents and Guardians:

Corpus Christi Catholic School is pleased to announce that our Rainbows program will be starting November 8. Rainbows is a school support group for children in kindergarten through 8th grade who have experienced loss due to a recent move, separation/divorce, or death in the family.

When something significant happens in a family, the entire family is affected, especially children. Although children go through the same grieving stages as their parents, they often find it extremely difficult to verbalize their feelings. These groups provide peer support and a secure place for sharing so healing and acceptance can take place.

Participating students meet with other children from their class during an elective period to avoid the interruption of academic work during school hours. The groups will meet for a total of 12 weeks.

If your child is part of a divorced family, single parent family, stepfamily, has experienced the loss of a loved one or has recently moved, this group will provide a chance to share experiences with others. If you and your child feel this is a program, he/she would like to participate in, please sign the permission form and return it to your homeroom teacher by **Thursday, November 4.**

If you would like more information on this form, please email me at clangworthy@ccscatholic.com.

Sincerely,

Caroline Langworthy, LPC, NCC
Counselor

I would like my child to participate in the Rainbows Program.
