

Did you know?

SFPS students and teachers have access to Sora, an online reading app that provides free access to thousands of new and popular print and audiobooks.

Sora is an easy, convenient way to guarantee student book access at school and at home.

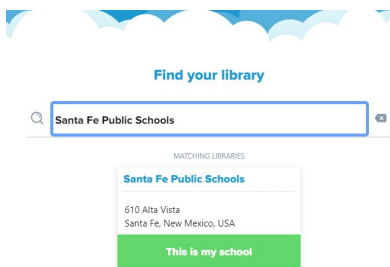

Setting up your Sora account is easy!

- 1. Locate your Sora app in ClassLink.**
If you don't see Sora in ClassLink, simply add it from the App Library.
- 2. Sora will use your SFPS Clever account to register you as an SFPS user. Select "Use SFPS login and password" when logging in. Note: If you do not have a Clever account you will not be able to access Sora.**
- 3. Select sign in using Santa Fe Public Schools.**

Sign into Santa Fe Public Schools

Sign in using Santa Fe Public Schools

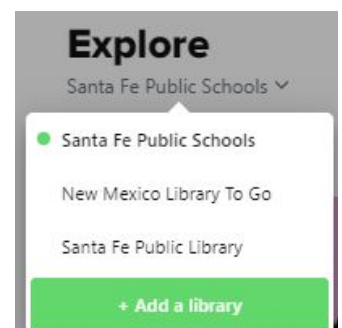

4. Now add your library collections.

SFPS users can add 3 collections for maximum book access. Look for the green +Add a Library option after you add your first collection.

- 1. Santa Fe Public Schools**
- 2. Santa Fe Public Library**
- 3. New Mexico Library to Go**

You will only need to add these collections one time - they will be saved to your account. Materials are automatically filtered based upon student grade level.

This program is an exciting partnership between Santa Fe Public Schools and Santa Fe Public Library.
