Gain direct access to decision-makers and emerging, experienced women leaders

After a strong debut in spring 2025, the GCACC is thrilled to bring back the Business Impact Conference for its second year. Last year's inaugural event was hosted in the Pinnacle ballroom, representing a wide range of industries. Guests traveled from across the state, including Dayton, Cincinnati, and beyond, making it clear that the conversations happening here matter far outside the central Ohio region.

For 2026, we're turning our attention to key topics that affect the region. Local industry leaders and subject-matter experts will take the stage as we explore how our businesses and communities will move, both figuratively and literally, in the years ahead. Sponsors can look forward to even greater visibility, expanded engagement opportunities, and direct connection with decision-makers who are shaping the future of business, commerce, and regional growth.
