

HEALTHCARE-NOW

SAVE THE DATE: April 17-23

It's time to get ready for the **2023 Medicare for All Strategy Conference!** This annual gathering is a chance for activists and organizers fighting for Medicare for All across the country to come together, strategize, learn from each other, and build community for the fight ahead!

This year's conference, "**Everybody In: Racial Equity & Medicare for All,**" will be focused on centering race in our conversations about healthcare and building the multi-racial healthcare justice movement we need to win Medicare for All. We'll be featuring speakers, workshops, interactive discussions, and more!

The conference will take place ONLINE from April 17-23, 2023, and will include a week of evening events followed by a weekend of live workshops. Whether you are an experienced activist or just looking to learn and get involved for the first time, this is the conference for you!

Stay tuned for more information and a link to register!

Have some thoughts about speakers you'd like to see at the conference, topics you'd like to have covered in workshops, or groups we should invite? Feel free to get in touch with Gillian at gillian@healthcare-now.org with ideas or to volunteer to help out with the conference!
