April 2021

Greetings,

Botetourt County 4-H has begun planning for our junior 4-H Camp that is to be held at Smith Mt. Lake during the week of June 7-11, 2021. With COVID-19 guidelines and protocols in place, we are operating a half capacity this year, which means that Botetourt County 4-H will be able to accommodate approximately 120 campers and teen volunteers.

As a result of 4-H camp being canceled last year and costs increasing due to the limited numbers, we are requesting assistance to send Botetourt County youth to camp this summer. Your sponsorship will be used to send children to camp that may otherwise be unable to afford the registration fees.

Unfortunately, we were forced to raise the cost of camp this year to \$340 per camper. We are appreciative of any monetary donations, regardless of the amount. We greatly appreciate your support and checks can be made to VCE-Botetourt.

Should you have any questions or require any additional information, please feel free to reach out to me.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Tyler H. Painter'.
