Happy Chinese New Year
During the Year of the Tiger ~ Carry a Pig

The Tiger is the third sign of the Chinese Zodiac representing strength, power and confidence.

"In the Year of the Tiger it is suggested that everyone carry a pig charm because the pig is the most compatible with the tiger. It is believed that when the tiger and pig come together, the joy of this encounter is enough to offset any negativity that the moment may harbor.

The pig charm will serve to avert misfortune, bring blessings, and attract wealth."
