inclusive-EMERGENCY MANAGEMENT

Are you looking to make a difference in your community during times of crisis? Do you want to learn how to manage emergencies in a way that includes everyone, regardless of their background or abilities? If so, the new Associate of Science degree in Inclusive-Emergency Management at ASCC may be the perfect fit for you.

Inclusive-emergency management is a growing field that ensures all community members are included in emergency planning, response, and recovery efforts. As a graduate of our program, you will have the knowledge and skills to manage emergencies while effectively considering diverse populations' needs.

Apply for the Associate of Science degree in Inclusive Emergency Management scholarship at ASCC today and take the first step towards a rewarding career that will allow you to make a meaningful difference in your local and global communities. Please go ahead and visit our website for more information.

DEGREE PERKS

*By enrolling in this program, you will have the opportunity to **learn from experienced faculty**, **engage in hands-on learning activities**, and **connect with a diverse group of peers** who share your passion for making a positive impact in the world. You will also **gain access to a wide range of resources and support services** that will help you succeed academically and professionally.*

This is an excellent opportunity to invest in your future while positively impacting your community. Take advantage of this chance to gain valuable skills and help make a difference.

Please don't hesitate to reach out to me with any questions or concerns.

Sincerely,
Rosalee Shoulders
i-EM Department Chair

WEBSITE

> We cannot stop natural disasters, but we can arm ourselves with knowledge; so many lives wouldn't have to be lost if there was enough disaster preparedness."
