ALL ABOUT OUR FAMILIA

The Statewide Hispanic Chamber of Commerce of New Jersey (SHCCNJ) was founded in 1989 when Latino business leaders collaborated with then Governor Tom Kean about mentoring and training the New Jersey Hispanic business community.

Formed as a not-for-profit, the SHCCNJ has become the voice for over 119,000 Hispanic Owned New Jersey businesses that contribute over \$20 billion to State's economy.

We are a voluntary membership network comprised of businesses, various Hispanic Chambers of Commerce and professional associations across the State. Collaborating with other organizations, including the U.S. Hispanic Chamber of Commerce, our strength comes from our commitment to the traditional notions of "familia." Moreover, our familia extends beyond our Hispanic brothers and sisters, as evidenced by our more than 45% non-Hispanic membership role.

MISSION STATEMENT

The SHCCNJ is committed to promoting the growth and development of all New Jersey Businesses. We believe that business sustainability is accomplished via three principle tenets:

1. Availing our community of substantive business opportunities;
2. Providing education and training to entrepreneurs/business owners; and,
3. Encouraging an open discourse between the public and private sector.

It is our value system, our familia, that encourages open discourse, provides the requisite platforms and ultimately brings about a strong business community that can flourish together.
