Plants that typically work best near Shoreline/Wet Areas:

This is not an extensive list of native perennials, grasses, shrubs and trees that can handle having "wet feet" as we like to say, but this is a good start. The plants with an asterisk (*) are varieties that we currently have on hand, we are looking to expand this list in the near future.

Plants in parenthesis are ones we carry cultivars of the native varieties.

Blue Flag Iris*	Swamp Milkweed	(Chokeberry, Black)
Blue Vervain/Verbena*	(Turtlehead*)	Dogwood, Red Osier*
Boneset	Blue Joint Grass	Dogwood, Silky
(Cardinal Flower)	Fowl Bluegrass	(Meadow Sweet)
Flat-Topped Aster	Fowl Manna Grass	Nannyberry
Great Blue Lobelia *	Fringed Brome	Ninebark*
(Joe Pye Weed*)	Manna Grass	Willow, Sandbar
Monkey Flower*	Soft Rush	Cedar, White
(New England Aster)	Brown Fox Sedge	Tamarack
(Obedient Plant)	Caterpillar Sedge	
Sneezeweed	Pointed Broom Sedge
