

Quick Start For Students Using a Laptop

Parent or Caregiver Support Required for K-2 students using a laptop

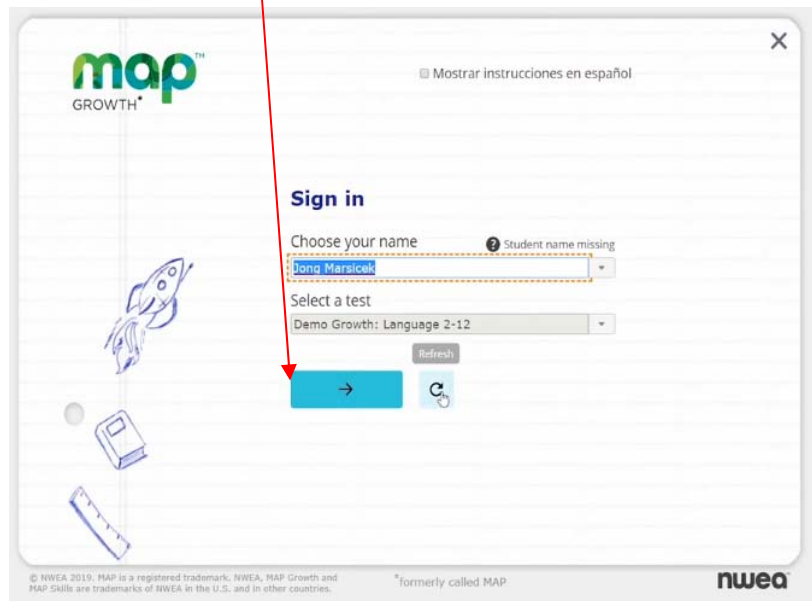

1. To access the NWEA test site using your web-browser, you will need to type this in the address bar at the top of your screen: test.mapnwea.org.
2. You will be taken to the NWEA login screen shown below. Login using the test session name and password given to you by your teacher and then click on the white arrow in the blue box, see picture below.

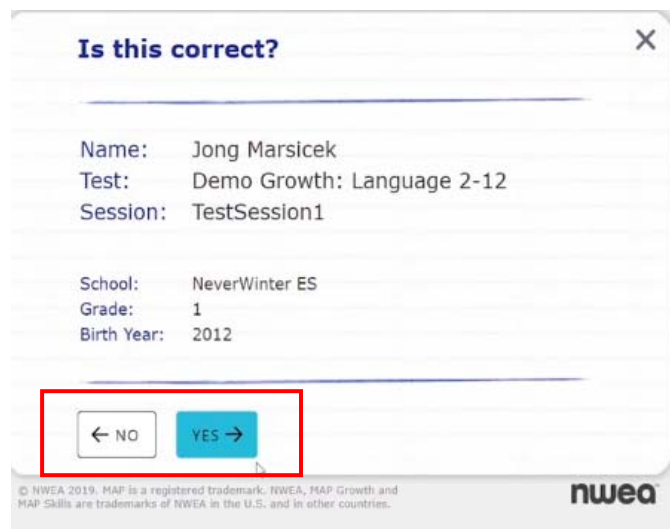

3. Next you will need to select your name from the list of students by clicking on the arrow to the right of the box labeled, "**Choose your name**," see picture.

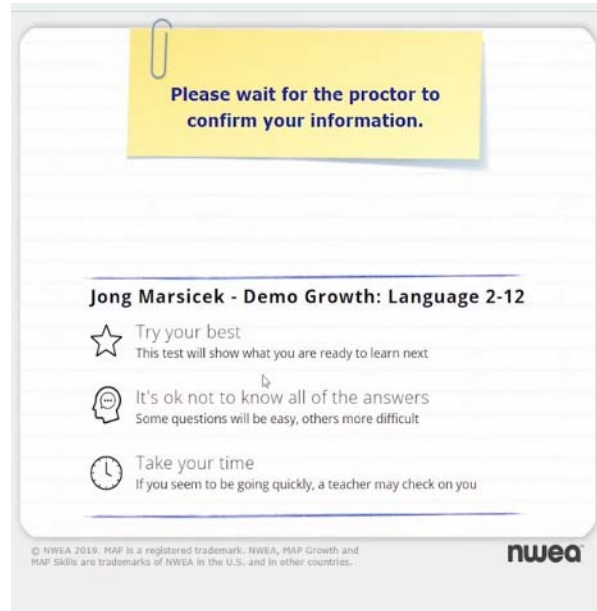

4. After you have selected your name, click the blue arrow, see picture.

5. You will see an **“Is this correct”** page. Click on the blue **YES box** if it shows your name and go to step 6. If you don't see your name, click on the **white No box** and the page will go back so you can find your name, then repeat steps 4 and 5.

6. You will now see a screen that tells you to wait for the proctor, see picture.

7. Once your teacher has activated your test, you will see this message. Click on the blue arrow to get started.
