

Pre-order now from Solution Tree and Amazon now for December release. This practical guide supports leading collaborative school improvement, innovation & implementation.

Filled with proven tools and processes, this book guides school leaders and their teams and stakeholders step-by-step to shared success. This guide immediately and practically supports school leaders to maximize the potential of people and processes, while increasing engagement, impact, and sustainability.

District Leaders Who Support Schools - Join Our Live, Virtual *TeamEd! Learning & Performance Journey* to Guide Your School Leaders and Their Teams and Stakeholders to Achieve Effective Collaboration That Gets Results.

As schools use *Facilitating Shared Success*, we support you through this virtual hands-on *Journey* to guide their work. As you apply more advanced tools and processes to guiding your schools' leaders, you will earn a job-embedded project-based **Certified Performance Improvement Facilitator credential**. *TeamEd!* supports you with expert training and coaching. As you learn with and from your peers you will grow a vibrant Georgia Charter District Community of Practice for shared success.

Strong Return on Investment

Training and certifying one or a small team of district leaders provides you the ability to effectively **guide and support an unlimited number of educators**.

Providing our new book to your schools with your guidance **saves time away from school and related costs for development** while supporting their work day-by-day for better results.

Contact us for more information and rates for Charter Districts. **Deb Page - Deb@TIFPI.org or 706-453-6182**. See why our participants ask, "Why have we not had this development and these tools sooner?"
