“Be Church”

Acts 2:44-47 (NRSV) recalls the depth of community—the sharing of everyday life and the coordination of ministry—in the diverse body of early believers:

All who believed were together and had all things in common; they would sell their possessions and goods and distribute the proceeds to all, as any had need. Day by day, as they spent much time together in the temple, they broke bread at home and ate their food with glad and generous hearts, praising God and having the goodwill of all the people. And day by day the Lord added to their number those who were being saved.

This year, Pastor Kevin has been reminding us of the crucial importance and challenging work of living our Christian faith in community. I join him inviting you to practice community this month through...

February and March, Sunday Roundtable Cohorts

*If you like to **meet** and **eat**...*

*Or **plug-in** and **plan**...*

*Or **converse**, **coordinate**, and **be community**,*

Please consider these upcoming Sunday roundtable opportunities.

In the next two months, we're offering five opportunities, five important conversations, around our ministries and community in 2023. For four of these weeks, I'll be leading 90-minute cohorts around four areas of ministry in our church. The cohorts will address guiding questions for how we plan and coordinate ministry this year. I encourage anyone who is currently a part of a ministry team or committee to participate in the cohort that features that team/ committee. If you are looking for a place to plug in, consider what area and question most resonates with your spirit right now. Everyone is welcome to participate (or at least check out) multiple cohorts. Please, however, don't stretch yourself too thin.

I want to thank everyone who volunteered in any way with our overnight shelter program this year. Even though we occupied less space than in past years I believe this was one of our best years. The guests were very appreciative and several I have known since we first did CAST told me how much they love coming to Centerville. They say they know the volunteers will be kind and caring and they feel safe. They also comment on the great meals provided by our community. So good job team!

Exciting news! Keri Clark has been selected as our second Program Assistant Director. Keri was selected from a pool of 14 applicants and joined our leadership team on January 1, 2023. Keri graduated from Loyola University with a Bachelor's in Education and minor in Special Education and then went on to complete her master's degree at Loyola in the years following. Her expertise in special education and wealth of experience brings a unique gift to our administrative team. Please join us in welcoming Keri to the CBC Children's Program administration.

CBC program students created some artwork for CAST. The pictures were tacked to the temporary walls to add color and brightness to the space. Many of our staff and parents contributed donations and volunteered time during CAST week. We were blessed to be part of such a wonderful ministry to our community.

Our 2022-2023 school year compliance paperwork for operation was submitted to the Virginia Department of Education. This paperwork will be reviewed by our inspector and then an annual renewal letter will be issued, allowing us to continue operation.

Our 2023-2024 school year enrollment is beginning. We will be testing a new enrollment system, Brightwheel, that will allow our parents to enroll remotely, upload compliance documents, communicate with teachers, receive reports in real time, and pictures of their student. This system may also be useful for check-in/check-out for Children's Ministry.

We are looking for a videographer to create a virtual tour of our weekday program and Children's Ministry. Do you know someone who would be the perfect fit?

Please reach out to Dorian at dorian@cbc757.org

Children's Ministry

Rachel Upshaw and I are meeting each Friday to debrief and discuss what's working week to week and what needs tweaking. ACME (leaders of Children's Ministry, Youth Ministry, and VBS) met on Sunday, January 15, 2022 to coordinate how we can best work as a team this year. Together, we went over a 2023 schedule, vision casting and narrowing down dates.

Praise Pack refills are located on the table leading into the sanctuary. If you have Praise Pack requests or would like a new binder, please contact Dorian or Rachel Upshaw.

Stay tuned for an announcement of VBS dates and other upcoming events.

Additionally, we are now using a scheduling system to coordinate Sunday morning volunteers but looking into the possibility of Brightwheel or Planning Center becoming an all-in-one system.

Currently, we have volunteers scheduled through July. Woohoo!

SAVE THE DATE! Following worship on **February 5th, 2023**, we will hold a Children's Ministry Team meeting. Together, we will discuss roles, planning for the year, and a potential role out of a new software for our volunteers and parents. Are you interested in joining our children's ministry team? We would love to see you!

Fentress Giving Garden

The Garden Team is beginning to get ready for spring planting. Sugar snap peas will be planted soon. We plan to move our flowers to a spot by the garden driveway outside of the fence this year. We are hoping that the flowers can be more easily accessed and used this year. If there is anyone who would be interested in helping the garden by assisting in using the flowers for our shut-ins, sick, or just anyone who could use a pretty pick-me-up, please let Judy Speas know. Also, to that end, if you have spare small vases or canning jars (to use as vases), please bring to church and leave in a labeled box. Alternatively, you can call the church office to have someone from the garden team come pick them up.

Thank you, as always, for your continued support and prayers for the 2023 growing season and for our hopes of bringing in more workers and potential garden leaders.
