

About Fundación MAPFRE

Fundación MAPFRE

Fundación MAPFRE is a non-profit organization created by MAPFRE in 1975, which performs its activity in 29 countries, whose main objective is to promote the well-being of society and citizens across the company's footprint. It is the insurance company's majority shareholder, thus helping to ensure the firm's independence and shareholding stability. The core aspects of its operations are as follows:

Community engagement

The Fundación works to drive economic, social and cultural improvements for society's most disadvantaged people and groups.

Collaborative work

The Fundación operates both directly and in partnership with a considerable number of institutions, NGOs, museums, foundations and associations.

Action areas

The Fundación's operations focus on five areas:

Accident Prevention and Road Safety. To prevent all kinds of unintentional injuries, with particular emphasis on road safety.

Insurance and Social Protection. Push, promote and spread knowledge about the culture of Insurance and Social Protection.

Culture. To foster the access citizens have to Culture, the Arts and Literature.

Social Action. Contribute towards improving the living conditions of the most disadvantaged people and social groups.

Health Promotion. To contribute to improving the quality of life, undertaking actions that contribute to significantly reducing society's morbidity rates.
