

Haven Tutoring Network

2019-2020

- ★ Help Haven students be more successful in school
- ★ Make a difference in just 1 or 2 hours per week
- ★ Get more involved with the Haven community

The Haven Tutoring Network is a resource of volunteer tutors who are committed to helping Haven students be confident and ready for high school. Please consider volunteering as a Haven tutor!

Scheduling is flexible. Volunteer tutors work with students during the school day at a time that fits your availability. You can tutor in the grade level and subject of your choice.

You don't need to be an expert to help students with their homework. Teachers provide class materials and develop plans that support students' learning needs. The tutors work with students one-on-one and in small groups, assisting with class work, homework and developing study habits.
