

## Important Notice Regarding your Watercraft Policies with American Reliable

Please disperse to all appropriate staff within your Agency

The migration of all Boat policies from the PTS system to the AricIreli System with American Reliable has begun.

What does this mean?

- All existing American Reliable PTS boat policies will be renewed into this system and will be assigned a new policy number.
- Your insured will receive the renewal and the bill directly from American Reliable via mail.
- Your agency will not receive a copy of this renewal, however you can access it online: log in to [www.specialrisksltd.com](http://www.specialrisksltd.com), select **Boat/ Yacht/ Jetski**, then select **American Reliable**. Search for the policy by the Insured's Name

Please see the link below for a training video and numerous documents that will assist you in navigating through the American Reliable website:

<https://irelispext.aricireli.com/sites/ireli/UserTraining/Pages/Small-Boat.aspx>

Please be sure to review the Max Billing training documents as the billing information is located separate from the policy information in the Ireli system.

For more details or assistance, please call **888-773-7475** and select option “2” for the personal lines department or email [info@specialrisksltd.com](mailto:info@specialrisksltd.com)
