

Massey Center Podcast

Help from The Massey Center: **Preaching Stories**: A Podcast about Preachers and the Art of Preaching.

- **Topics of Discussion**: How to study a text; a theology of preaching; the integrity of the preacher; discipleship and preaching; worship and preaching; preaching structures; finding your voice; storytelling and preaching
- **Discussion Oriented**: The interviews are fast paced and freewheeling. Each broadcast is between 20-30 minutes and is filled with insights, suggestions for further study, and aides to help busy pastors be better equipped for the preaching task.
- **Quickfire Questionnaire**: Each interview concludes with the Preaching Stories Quickfire Questionnaire. A series of rapid-fire questions that will help listeners get a better handle on what influential materials preachers use; what biblical books and topics are key for them; how to better be prepared for the week-in, week-out grind of the preaching task. Who should you be reading to help with your preaching? What disciplines should you be practicing that will make your preaching more effective? What preachers should you be listening to? Who inspires these outstanding preachers and what are their secrets to sermon preparation and presentation?
