## Campus News

July 2020

### Staff Spotlight

The spot light this month is on all the staff at the Moline campus. We could not do this without them. They are the reason we can open the door in the morning and close them at night. Everyone has been able to create the sense of "new normal" for our families during this time. Temperature checks are not scary, changing your shoes is not hard, washing your hands for the 20th time is okay.

WE GOT THIS.

### Letter from the Director

Dear Families,

We are pleased to be reopened and able to serve our families and children once again. Our staff that provided care through Emergency Childcare are true stars and enabled us to provide care for 50 children of essential workers. Big thank you for all their hard work and effort. Thank you for bearing with us through this surreal time of new procedures and protocols. Everyone's safety and health are our top priority. We missed all of you and have certainly appreciated all the kind words upon our return to business. Please know we cannot do this without each other.

-Mary Rosa Gastaldo

### Upcoming Events

Did you see the news? Illinois' Governor Pritzker paid us a visit on June 10, 2020. Although he was unable to visit the classrooms, he was able to hear all about the great work being done at all of our Skip-a-Long campuses.

We appreciate the Governor taking time to visit our program and learn more about why early care and education is so important to children and families!
